

Job description and person specification. Security Consultant Full Time

Introduction

An opportunity has arisen for a full-time Security Consultant to join our established advisory team. This is a national role: you will work from home, visit client venues across the UK, and attend our office in East Sussex once per month. Travel and accommodation expenses are fully covered.

Applicants should hold a recognised security qualification (e.g. Level 3 or above) and either hold or be willing to work towards Chartered Security Professional (CSyP) status.

Please send your CV (labelled *Security Consultant Application*) to:

Job advert

Ready for a new challenge? Keen to use your industry experience to support organisations as they strengthen their security and counter-terrorism arrangements? RB Health and Safety Solutions are seeking a proactive and forward-thinking **Security Consultant** to work nationally across a range of client venues, particularly within theatres, events, and public-facing environments.

We're looking for someone who applies sound judgement, values well-established good practice, and is excited about helping clients evolve their security approach in line with emerging requirements such as the Protect Duty. If you enjoy variety and want to be part of an ambitious, supportive team, we'd be delighted to hear from you.

Job description

Job Title: Security Consultant

Responsible to: Operations Director

Hours of Work: Full Time (Flexible)

Salary: Starting at £45,000 - £60,000 (depending on experience)

Location: National (Home-based, with UK-wide travel and one monthly office day)

Closing Date for CVs: Friday 31st December 2025

Interview Date: TBC

Start Date: As soon as available

Summary of Main Responsibilities

- Acting as the designated security adviser for allocated clients
- Producing clear, high-quality written reports
- Building and maintaining strong client relationships
- Responding to ad-hoc security and counter-terrorism queries
- Conducting security audits, inspections, and vulnerability assessments
- Completing security and response plans for clients
- Developing business continuity plans
- Advising clients on threat, risk, and protective security issues
- Using and supporting the Blue Lemon Software
- Preparing and delivering reports to boards and senior leadership teams
- Attending security, resilience, or Protect Duty committee meetings
- Supporting project work, including security strategy and emergency planning
- General administrative duties as required
- Supporting business development and promoting services
- Meeting agreed KPIs relating to quality and client satisfaction
- Carrying out any other duties as required by the organisation
